Digital Transition

Tomorrow is our home.

See how easy it is to explore new ideas at BSH Home Appliances Group: As a leading manufacturer of home appliances, we improve people's quality of life by thinking in solutions. With our global brands Bosch, Siemens, Gaggenau and Neff as well as our local brands, we explore innovative technologies from voice recognition to artificial intelligence. As we utilize these to create new user experiences, we think, prototype, build – and keep on learning. Join us now and give your career a home.

SAP SD ABAP Developer (m/f/d)

BSH Electrodomésticos España, S.A. | Full time |

Pamplona, Valencia, Zaragoza

YOUR RESPONSIBILITIES

You will be working in an exciting, international environment. In Spain our IT colleagues are in Pamplona, Zaragoza and Valencia, so you can join us where you prefer. As a SAP ABAP Developer in Global Logistics Outbound team with SD module experience, your main responsibilities will be:

- / Support in the technical solution for Global Logistics business requirements in S/4 and R/3 implementations, including interfaces with other systems.
- / Implement SAP Logistics processes, including delivery and Transport Management in BSH, together with the team and stakeholders.
- / Participate in international rollout projects, searching for improvement in business processes and coordinating modifications in existing ones.
- / Support design, coding, testing and deployment of reports, integrations, enhancements and forms primarily using ABAP and other SAP technologies.
- / Coordinate integration tests between systems, generate documentation for training, train end users and support the implementation of projects.

YOUR BENEFITS

- / Flexible working time schemes and possibility of home office (50%).
- / Discounts in BSH homeappliances and other benefits.
- / Free access to our online learning platform, including languages.
- / Subsidised food.
- / Company bus.

YOUR PROFILE

- / Degree in computer science engineering or similar qualification and more than 2 years of working experience.
- / SAP process knowledge of supply chain processes is welcome.
- / Necessary to have SAP SD / LE developer experience in SAP R3 and S4HANA.
- / ABAP on HANA with latest syntax and integration techniques, and basic Java programming skills for SAP LBN (GTT) and SAP CPI, are nice to have.
- / Fluent in English mandatory. Be able to work in an international environment. Availability to travel occasionally (national / international trips).
