»Maybe tomorrow AI will be driving innovation.«

Cristina
Innovation Technology

Tomorrow is our home.

Find out how you can enjoy, grow and perform at BSH Home Appliances Group: As a leading manufacturer of home appliances and solutions, we encourage commitment and open-mindedness among our employees. With our global brands Bosch, Siemens, Gaggenau and Neff as well as our local brands, our focus truly is on innovation. And that doesn't just apply to our products and services, but also drives the way in which we cooperate, exchange ideas and organize our teams. Everyone is invited to make their individual contribution to our overall success. Join us now and give your career a home.

Data Scientist for Supply Chain Enablement Methods & Tool (m/f/d)

BSH Hausgeräte GmbH | Full time / Part time |
Munich

YOUR RESPONSIBILITIES

You will be working in an exciting, international environment and contributing personally to the company's success. Challenging tasks and projects await you, such as

/ Process design & enablement of global Supply Chain processes with data science methods, scale automation & AI solutions and leverage of data literacy

/ Data management & software development, build data pipelines for data integration, ensure efficient large-scale data processing & master data mgmt.

/ Apply statistical methods and develop machine learning models (Python, R) and deep learning algorithms for data-driven decisions

/ Deploy, monitor, and enhance ML models in cloud environments (e.g. AWS), global user support

/ Lead user training, change management, collaborate with teams for technology adoption and innovation

YOUR BENEFITS

/ Remuneration according to the collective agreement of IG Metall (30 days vacation, additional payments)

/ Flexible working time models that adapt to current life situations (e.g. mobile working, part-time, job sharing, sabbatical)

/ Modern career model enables insight into other topics within the scope of projects

/ Promotion of professional and personal development at BSH's internal Global Learning Campus

YOUR PROFILE

/ Master's degree in Data Science, Computer Science, Statistics, Mathematics, Supply Chain Management or a related field

/ Experience in data science, analytics required, and Supply Chain optimization would be beneficial

/ Knowledge of statistical modeling, machine learning, cloud computing & proficiency in Python & R, data engineering, expertise in cloud platforms

/ Strong communication skills, intercultural competence and ability to translate complex data insights into business strategies

/ Fluency in English and basic German language skills would be beneficial

I look forward to your application.
Annika Morgenstern (HR Contact)
